

# You Got the Best of Me

Journey

For so long, I wondered where my heart would lead me  
Couldn't seem to find someone who would let me be me  
Ended up in situations I'd regret  
I chose to change my reckless ways instead

Wasn't looking for someone the night you walked my way  
Just a look, I'd never be the same  
This might sound crazy, I can build my life around you  
Never walk away

You got, you want, you got the best of me  
You got, you want, you got the best of me  
You got, you want, you got the best of me  
You got, you want, you got the best of me

Baby, more I hear your heart, the more I want you  
We've been down the same roads, broken dreams we've been through  
I'll be your cover, keep you safe from harm, oh, yeah  
You'll be my harbor from the storm, yeah

I believe I found a love the night you walked my way  
From the first look, I'd never be the same, yeah  
Stand together, build a life to call our own  
And never walk away

You got, you want, you got the best of me  
You got, you want, you got the best of me  
You got, you want, you got the best of me  
You got, you want, you got the best of me

You got the best  
You got the best of me  
You got the best  
You got the best of me

You got, you want, you got the best of me  
You got, you want, you got the best of me  
You got, you want, you got the best of me  
You got, you want, you got the best of me  
You got, you want, you got the best of me  
You got, you want, you got the best of me  
You got, you want, you got the best of me  
You got, you want, you got the best of me

Yeah  
Oh  
Woo  
You got the best of me  
Forever  
You got the best of me  
When you need me
