

## Can't Be You

JOY.

Waiting by the phone  
You call me back  
Times when I'm alone  
I'm keeping track  
Don't lean on no one  
Boy, you told me that  
Boy, you told me that

Falling down  
I can't keep up  
Falling down  
Time may speed up  
I need someone  
You can't be that  
You can't be that  
You can't be that

Can't look at you the same way  
Can't look at you the same way  
Can't look at you the same way  
This person right here can't be you  
Can't be you

This person right here can't be you  
Can't be you
