Joy Again

You can get your shit when I'm not around
We can talk it out when you settle down
You sure spin a web unlike anybody else
I think I'll be alright when you're not in town

You're in deep
Carolina
Oughta be
Where'd I find ya

You can send a word through the middle man
If you're so concerned 'bout the state I'm in
If you're gonna pry stick your nose in my life
Ask someone who knows what you're missing-ing-ing-ing
I can keep it quiet if you play it down
It's easier on everyone I'm around

You're in deep
Carolina
Oughta be
Where I'd find ya

You're in deep
Carolina
Oughta be
Where I'd find ya

You're in deep
Carolina
Oughta be
Where I'd find ya
