

Disorder

Joy Again

There's something
There's something wrong with me
There's something she can see
I guess I picked up a disorder
That I was unaware of
'Cause now I am too much

It's my fault
It's all my fault
I guess I picked up a disorder
That I was unaware of
'Cause now I am too much

It's my fault
It's all my fault
I guess I picked up a disorder
That I was unaware of
'Cause now I am too much
