

## Kim

## Joy Again

I'm not one to talk  
And I'm not one to talk

Kim!  
She passes judgment on me again  
My only God, can't you see  
That I'm not quite worthy  
Of Kim

And I don't wanna die  
I don't wanna die

Kim  
You fucking kill me once again  
You put your foot down  
I will obey

You will find me all the time I'm lonely  
You will curse me put this spell upon me  
And I don't wanna die  
And I

I'm not one to talk  
And I'm not one to talk  
And I'm not one to talk  
And I'm not one to talk  
I'm not  
I'm not
