

Let's Do A Dance

Joy Again

Jump in my arms
Let's do a dance in the circumstance
That it is our last one
You can lead if you really need
I won't hold you too long
I can't believe what you've done to me
Since you fell out of love with who I've become

Holding my hand
Running me back through the steps and our plans
Put it in terms you think I'd understand
Hold me so close that I think I'm your man
I think I'm your man

Fall in my arms
Take it slow I already know it could just be this once
You look at me like we're meant to be
And they're playing our song
Take a step like you never left
Then I can't let you go
'Til you let me know

Holding my hand
Running me back through the steps and our plans
Put it in terms you think I'd understand
Hold me so close that I think I'm your man

Let's do our dance if you know what I mean
I keep falling for you over my two left feet
Let's do our little dance I'll let you take the lead
I keep falling for you I keep I keep

I keep holding it back when I just want to scream
I'd give anything don't drop my hand don't say you're gonna leave
Is it too dumb to say that you're all that I need
You're my cannonball, to wreck it all, the reason my heart beats
When you're

Holding my hand
Running me back through the steps and our plans
Put it in terms you think I'd understand
Hold me so close that I think I'm your man
I think I'm your man
