

I hope you lie
If there ever comes a time when you
Say you don't love me like you used to
I hope it's true
When you turn around and you don't know what to do
You've been spending time with another man

I'd spend my life
Doing anything you like
Come on and love me like you used to
I'll waste my time
I swear I don't mind
Come on and love me like you used to

You take that back
How'd you think I would react
When you said you don't love me like you used to
I trusted you
Then you ran around and treated me so cruel
'Cause you're spending time with another man

I'd spend my life
Doing anything you like
Come on and love me like you used to
I'll waste my time
I swear I don't mind
Come on and love me like you used to

Love me like you used to
Love me like you used to
Love me like you used to
Come on and just love me like you used to

I'd spend my life
Doing anything you like
Come on and love me like you used to
I'll waste my time
I swear I don't mind
Come on and love me like you used to

Love me like you used to
Love me like you used to
Love me like you used to
Come on and just love me like you used to
Come on and just love me like you used to
