

What Lovers Do

Joy Again

I think I'm caving in
Cause just about every time you come around you get under my skin
in
But that's just what I like
And every time you flash a smile and stay a while it ruins my whole night
But that's just what I like

I like when you treat me like the fool
Is that just what lovers do?
I like when you're sweet and when you're cruel
Is that just what lovers do?

I've seen that look before
When your eyes are wide they're twice the size a look that I adore

You knocked me off my feet
And it only took a glance I'm in a trance so I'll take my seat

I like when you treat me like the fool
Is that just what lovers do?
I like when you're sweet and when you're cruel
Is that just what lovers do?
Is that just what lovers do?

You always leave me so confused
I did all that I could do
I'd wait an eternity for you
Cause that's just what lovers do

I like when you treat me like the fool
Is that just what lovers do?
I like when you're sweet and when you're cruel
Is that just what lovers do?
Is that just what lovers do?
