

I Know You'd Kill

Joy Crookes

(Safe in your light
I know you'd kill)

Throwing hands and your hoops away
Get far, but it's not that playing nice
They got ice on their rosaries
They so real fine capital in price
I can't trust that, I got a little
'Cause he stabbed me in the back
Follow my Mother's advice, "Find that ride or die"

I know you'd kill
That's why you shine
Cut like a diamond
Safe in your light
I know you'd kill
Girl, you burn bright
Cut like a diamond
Safe in your light
I know you would kill

Got a tongue like a razorblade
Get cut, it's a fool in old style coat
Get rocked, like a lullaby
I'm so smooth, cyanide, bad bitch in disguise
No, I didn't mean to meet you with no violence
Come on, baby, I'm a real tender tyrant
I follow my Mother's advice, "Find that ride or die"

I know you'd kill
That's why you shine
Cut like a diamond
Safe in your light
I know you'd kill
Girl, you burn bright
Cut like a diamond
Cut like a diamond
I know you would kill

I know you would kill
Cut like a diamond
Cut like a diamond
I know you would kill (Ooh)
I know you would kill (Ooh)
Cut like a diamond (Ooh)
Cut like a diamond (Ooh)

I know you'd kill
That's why you shine
Cut like a diamond
Safe in your light
I know you'd kill
And that's why you shine
Cut like a diamond
Cut like a diamond
I know you would kill
