

# Lover Don't

Joy Crookes

I thought I'd get to know you  
Almost instantly  
Keep it mellow in the foyer  
To save my mystery

Feelings, I catch them all the time  
You're always on my mind  
It's getting heavy  
But I don't want the  
Fever, that fools me like a child  
And puts me on the line  
It's getting dizzy  
But I won't let you

Lover, don't say those words to me  
Lover, don't sweep me off my feet  
Oh, lover, don't feed my fantasy  
'Cause I can't lose control  
Lover, don't say those words to me  
Lover, don't sweep me off my feet  
Oh, lover, don't feed my fantasy  
'Cause I can't lose control

It's taken two to tango  
But are you playing me?  
(Are you playing me?)  
There's bitter in my mango  
Flavours I can't read

Feelings, I catch them all the time  
You're always on my mind  
It's getting heavy  
But I don't want the  
Fever, that fools me like a child  
And puts me on the line  
It's getting dizzy  
But I won't let you

Lover, don't say those words to me  
Lover, don't sweep me off my feet  
Oh, lover, don't feed my fantasy  
'Cause I can't lose control  
Lover, don't say those words to me  
Lover, don't sweep me off my feet  
Oh, lover, don't feed my fantasy  
'Cause I can't lose control

I might lose control

Feelings, I catch them all the time  
You're always on my mind  
It's getting heavy  
But I don't want the  
Fever, that fools me like a child  
And puts me on the line  
It's getting dizzy  
But I won't let you

Lover, don't say those words to me  
Lover, don't sweep me off my feet  
Oh, lover, don't feed my fantasy  
Lover, don't say those words to me  
Lover, don't sweep me off my feet  
(I might lose control)  
Oh, lover, don't feed my fantasy  
'Cause I can't lose control
