

Skin

Joy Crookes

I wish I could pull away the clothes that dress your mind
As easy as when we both undress each other
Underneath a South East sky I asked you for a light
Now I'd do anything to keep us together

Don't say that you're giving up

What if you decide that you don't wanna wake up too?
I don't know what I'd do
'Cause I've built my life around you
Don't you know the skin that you're given was made to be lived
in?
You've got a life
You've got a life worth living

Bussing down to Waterloo
Just to feel control
I can't fix everything
As much as I want to

You were in and out of thinking you could live past twelve
You're so much different now
It can't destroy you

So don't say that you're giving up

What if you decide that you don't wanna wake up too?
I don't know what I'd do
'Cause I've built my life around you
Don't you know the skin that you're given was made to be lived
in?
You've got a life
You've got a life worth living
