

Wild Jasmine

Joy Crookes

I'm not trusting no nighttime
Falling into arms of the wrong eyes, my guard high
So very high
Jesus doesn't have hotline
Who'm I supposed to call but the dark side? Trouble finds
Where I can't hide

Why you do me
Why you do me
Why you do me like
Why you do me
Why you do me
Why you do me like that?
Wild Jasmine
Don't trust him

Why you do me
Why you do me
Why you do me like
Why you do me
Why you do me
Why you do me like that?
Wild Jasmine
Don't love him

Ten tonne heart everybody wanna steal
They want my song, but my pain don't get a deal
You know I know just how you feel
You know I know just how you feel
You want the skin, but refuse to take the baggage
You want the words, but refuse to do the damage
You know you don't know how I feel
You know you don't know how

Why you do me
Why you do me
Why you do me like
Why you do me
Why you do me
Why you do me like that?
Wild Jasmine
Don't trust him

Why you do me
Why you do me
Why you do me like
Why you do me
Why you do me
Why you do me like that?
Wild Jasmine
Don't love him

Why you do me
Why you do me
Why you do me like
Why you do me
Why you do me

Why you do me like that?
Wild Jasmine
Don't trust him

Why you do me
Why you do me
Why you do me like
Why you do me
Why you do me
Why you do me like that?
Wild Jasmine
Don't love him

Ten tonne heart everybody wanna steal
They want my song, but my pain don't get a deal
You know I know just how you feel
You know I know just how you feel
You want the skin, but refuse to take the baggage
You want the words, but refuse to do the damage
You know you don't know how I feel
You know you don't know how

Why you do me
Why you do me
Why you do me like
Why you do me
Why you do me
Why you do me like that?
Wild Jasmine
Don't trust him

Why you do me
Why you do me
Why you do me like
Why you do me
Why you do me
Why you do me like that?
Wild Jasmine
Don't love him
