Happiness, togetherness, lovingness, foreverness
It's love I guess, that's why I'm blessed with peacefulness, ye

Folks tend to say
When I'm not with you, I'm sad
They aren't aware
All the rough times and all the tough times
That you and I shared
While we stayed together
Through all thick and thin, our love's till the end
Caring for you, sharing with you

Happiness, togetherness, lovingness, foreverness
It's love I guess, that's why I'm blessed with peacefulness, ye

As time passes by
All of our worries just die
We tend to wear
A smile on our face that shows no disgrace
For the love that we have
As we've manage to carry on
Through all thick and thin our love's till the end
Caring for you sharing, with you

Happiness, togetherness, lovingness, foreverness
It's love I guess, that's why I'm blessed with peacefulness, ye

Happiness, togetherness, lovingness, foreverness
It's love I guess, that's why I'm blessed with peacefulness, ye

We are aware of the things that made us this way
Through all thick and thin our love's till the end
Caring for you, sharing with you

Happiness, togetherness, lovingness, foreverness
It's love I guess, that's why I'm blessed with peacefulness, ye
