

Hideaway

Joy Denalane

It's been a long while
Since I've seen that smile
That once got a hold on me
I got a villa out by the sea
Where nobody be
Except you and me
And i'm gonna be your surprise
Take that red pill tonight
And we're shining bright
Like we're jewelry

And now we're wide awake
Me and you
It's a wild escape for us two
And we ain't got to play by any rules
Cause now we're miles away from all the news

Finally we live in a hideaway
(We are flying high above)
Finally we live in a hideaway
(To a hideaway of love)
Finally we live in a hideaway
(We are flying high above)
Finally we live in hideaway
Hideaway hideaway

Waking up with the birds
Cause, boy, we deserve to be finally free
Like we're the last two on earth
Put away your work
Cause I'm all you need
And I know what's on your mind baby
We can make love out under the stars
All night on the balcony

And now we're wide awake me and you
It's a wild escape for us two
And we ain't got to play by any rules
Cause now we're miles away from all the news

Finally we live in a hideaway
(We are flying high above)
Finally we live in a hideaway

(To a hideaway of love)
Finally we live in a hideaway
(We are flying high above)
Finally we live in a hideaway
Hideaway hideaway

To Lisbon or Paris
We just get a palace
Toronto could be nice
Let's go start a new life
I raise you to Joburg
No family and no work
We've never seen Bali

Oh baby, it's just a night away
(We are flying high above)
Finally we live in a hideaway
(To a hideaway of love)
Finally we live in a hideaway
(We are flying high above)
Finally we live in hideaway
Livin' baby, sugar

It's been a long time
Since I've seen that smile
That once got a hold on me
I got a villa out by the sea
Where nobody be
Except you and me

Waking up with the birds
Cause boy we deserve to be finally free
Like we're the last two on earth
Put away your work
Cause I'm all you need
Yeah

C'mon hide away
With me
Let's see
Come on, babe, come on, darlin'
No, I need you, no I see
C'mon c'mon
