

if you got a problem

Joy Oladokun

When the light is gone
And you're on your own
You've been trying but the fight never goes away
And you don't know when
The sun will shine again
All you gotta do is look my way

If you got a problem
I got a problem too
If you're standing at the bottom
I'll reach out for you
If you need someone to lean on
Baby, I can be strong
I will carry you through
If you got a problem
I got a problem too

Everybody needs something to believe
If you want you can always put your your faith in me
I don't know it all
But I know how it feels to fall
With a helping hand you'll find your feet

If you got a problem
I got a problem too
If you're standing at the bottom
I'll reach out for you
If you need someone to lean on
Baby, I can be strong
I will carry you through
If you got a problem
I got a problem too

If you're lonely
If you're down and out
Holding out for a better day
Call out for me
I'll come runnin'
And we'll find a better way

If you got a problem
I got a problem too
If you're standing at the bottom
I'll reach out for you
If you need someone to lean on
Baby, I can be strong
I will carry you through
If you got a problem
I got a problem too
