

## Check Out My New Jesus

Joy Zipper

You said I'm unclean  
You know I know about those things  
Shiver in the sun  
I like my clothes when they're undone  
People gather round  
Check out the patches on my new jeans  
Gather round

I  
I just wanna be god

Check out my new Jesus  
He talks and he walks  
If you want him to  
Nevermind the thorns  
They're only there to confuse you  
People gather round  
Check out the patches on my new jeans  
Gather round

I  
I just wanna be god

You say I'm unclean  
You know I know about those things  
Shiver in the sun  
I like my clothes when they're undone  
People gather round  
Check out the thorns on my new Jesus
