

# Pillow

Joy Zipper

I want to roll a big fat pillow  
and smoke the feathers  
needing comfort and support  
i want to cover my body  
covers to cover my fear  
and hide from my feet  
which appear to be as ugly  
as the yellow tooth  
of the man in my nightmare

oral symphony  
outside my door  
in the recipe  
i should have added more  
seasoning is fine  
takes a thousand years
