

## Five Beer Plan

Joyce Manor

Take a lovers nap  
Shut your little trap  
It's a pleasure cruise  
When you're born to lose  
And if I told you so  
Would you act like you know

And at the driving range  
You shouted fire away  
I started feeling strange  
Thought of taking my life  
And then I told you so  
I fucking told you so
