I Know Why

Joyce Manor

And
I know why
Your bird won't sing and
I know why
Your bell won't ring
And I know why you make a point of striking up a conversation
When you're so terrified of any confrontation
I know why
You can't sit still and
I know why
You're so hate filled
And I know what it's gonna take to break you down til you confess
I'd like to break up all your brain and keep the parts that I like be
st

And
I know why
Oh woah oh
I know why
Oh woah oh
I know why
Oh woah oh
Yes
I
Know
Why

And
I don't mind
Your crocodile smile
I don't mind
If you wanna hang out for a while
I don't mind you rock n rolling with your fuckin junkie friends
I'd like to take you off the side and put it to a fuckin end
And
I don't mind
If you wanna take a nap and
I don't mind
If your fucking lungs collapse
And I don't mind you writing letters to a lover you once had you
Can tell me that I'm leaving cuz I'm sick of feeling sad

And
I don't mind
Oh woah oh
I don't mind
Oh woah oh
I don't mind
Oh woah oh
No I don't mind
