

## Lifetime Love

Joyce Sims

You are the love I've been searching for  
You hold the keys with your life on my stubborn closed doors  
All my secret lovers, I will no longer see  
It's in my heart, I know you'll stay in love with me

What I have to offer is a lifetime love  
A love that has no limits like the skies I'm on  
What I have to offer is a lifetime love  
Lifetime love

Satisfactions guaranteed... all your love away

You are the love I've been searching for  
I'll shine this love on you so strong, you'll feel to need for more  
What I have to offer is a lifetime of guarantees  
It's in my heart, I know you'll stay in love with me

What I have to offer is a lifetime love  
A love that has no limits like the skies I'm on  
What I have to offer is a lifetime love
