

## Aint No Need

Joyce Wrice

You seem a little jaded, boy  
I hope I can help you relax that mind  
The hell are you worried for  
All I wanna do is give us a try

Ain't no need to be shy  
It doesn't need to be right  
As long as we say it's right  
Ain't no need (ain't no need)  
Ain't no need (ain't no need)

Tried love once, didn't really work out  
But I learned it takes time  
So don't think this is never gonna work out  
We've got nothing but time

Ain't no need to be shy  
It doesn't need to be right  
As long as we say it's right  
Ain't no need (ain't no need)  
Ain't no need (ain't no need)
