

Kaytra's Interlude

Joyce Wrice

Taking trips down memory lane
Know things won't be the same
Said you loved me the other day
Next day, you hit the highway
Gave you all my love, what a shame
It's whatever baby, it's okay
No more time to play games
You can call me when you're ready

In another lifetime, you will be mine (You will be mine)
In another lifetime, you will be mine
In another lifetime, you will be mine
In another lifetime, you will be mine, oh-woah
In another lifetime, you will be mine (Be mine)
In another lifetime, you will be mine
