

# Losing

Joyce Wrice

Hmm, oh-oh, oh  
Oh-oh, oh  
Yeah, yeah, yeah, mm

If you tryna bounce back, gotta try again  
Don't know what the hell you think this is  
You can't move in with the same baggage, same habits, oh no  
You know I'm not the type of chick to mess around with  
Oh yeah, oh-oh

I'm loving the idea of you in my head  
But that's not the real you, you could do so much better  
Now that I know the real you, I could do so much better  
And I'm good, I just gotta let you know

Baby, you, baby, you, baby, you  
Baby, you don't deserve me  
I can do better without you right here  
Baby, you, baby, you, baby, you  
Baby, you don't deserve me  
You don't know what to do, that's why you're losing

Baby, you don't deserve me  
You don't know what to do, that's why you're losing  
Baby, you don't deserve me  
You don't know what to do, that's why you're losing (Baby, you)

I said it, I said it  
Whatever we had, I'ma dead it, it's the last time  
I see your name on my line  
No more asking me to hang with you and girls you done freaked  
Who you sexting? Who you texting?  
I know you don't respect this (Baby, you)

I'm loving the idea of you in my head  
But that's not the real you, you could do so much better  
Now that I know the real you, I could do so much better  
And I'm good, I just gotta let you know

Baby, you, baby, you, baby, you  
Baby, you don't deserve me  
I can do better without you right here  
Baby, you, baby, you, baby, you  
Baby, you don't deserve me  
You don't know what to do, that's why you're losing

Baby, you don't deserve me  
You don't know what to do, that's why you're losing  
Baby, you don't deserve me  
You don't know what to do, that's why you're losing
