

## Westside Gunn's Interlude

Joyce Wrice

Brrr

Ayo, there's only one pussy I want to eat  
And that's yours (And that's yours)  
That shit so sweet, I'd like to lick it from the back  
While you pose on all fours (While you pose on all fours)  
Chance I'll need a table for two  
I'll finger-fuck you while we waiting on side-  
taste (While we waiting on side-taste)  
You know all these bitches wanna fuck a nigga  
But I tell them that you're my bae (Tell them that you're my ba-  
e)  
Ayo, his and hers skeleton vicious, you the business  
You got my heart, I was just fucking up bitches  
Soon as I get in it, I wanna nut  
You got the best ten strokes in  
I spit in your face and bit your neck  
I'm about to let you meet Connie  
Shit get real, you know you got me  
Your ex a pussy, I should have shot him (Boom-boom-boom-boom-  
boom-boom-boom)  
Next fashion week, me and you in the front row  
You the baddest bitch ever  
I just want you to know  
(Just want you to know)
