

# Butterfly Effect

Joyner Lucas

If I could travel back into time  
I'd probably go sit in my spaceship  
The colorful lights on the inside  
To brighten my frown and faces  
Got the radio loud when it's in drive  
'Cause I ain't tryna hear frustrations  
I'm floatin' on clouds in the sky  
What an imagination

I crank the engine up and take a trip to see stars  
Sit on top of the moon, build a mansion on Mars  
Take me back to when I had no bandage and no scars  
'Member when I was a youngin, wasn't stressin' at all  
Someone there to catch me every time that I fall  
Someone there with me at my every beck and call  
Way before you met me, weren't no problems I could solve  
Swear that I would trade it all

I'd go back in time, in time  
I'll fly to another dimension  
To make this right, this right  
Kill all this mental tension  
That makes me fight, me fight  
It's the only way I know I'ma be alright tonight, tonight (Be alright, I'd be alright)  
If the butterfly effect only made this right

Roll the window down when I'm up high  
Breath of fresh air when I'm flyin'  
You drive me crazy sometimes  
I'd rather sit alone in the silence  
But climb to my seat when I get tired  
Light somethin' up when I'm vibin'  
Floatin' on clouds in the sky  
Fall asleep under the horizon

I crank the engine up and take a trip to see stars  
Sit on top of the moon, build a mansion on Mars  
Take me back to when I had no bandage and no scars  
'Member when I was a youngin, wasn't stressin' at all  
I would change the pieces to the puzzle, where your heart?  
If I could do it over, take it back to what it was  
Back before we ever made mistakes from the start  
If I could only trade it all

I'd go back in time, in time  
I'll fly to another dimension  
To make this right, this right  
Kill all this mental tension  
That makes me fight, me fight  
It's the only way I know I'ma be alright tonight, tonight (Be alright, I'd be alright)  
If the butterfly effect only made this right

Yeah, I used to sit inside my room on the floor (Uh)  
Tryna build a fort and use a blanket as a door (Yeah)  
Cardboard boxes, drawin' pictures on the board

At them times, I felt rich, even though we was really poor (True)  
Imaginary friends, niggas thought that I was nuts (Uh)  
But I was only ten and everyone was out of touch (Yeah)  
Dream about the Benz every time I caught the bus  
I used to watch the other kids and now them kids are watchin' us (Uh)  
But sometimes I feel like a butterfly with broken wings (Yeah)  
'Cause even if it's still flyin', it don't float the same (Uh)  
I often think about the past way before the fame  
And how I used to cope with pain and why a nigga overcame (Yeah)  
It's weighin' heavy on my skull (Uh)  
I wish I knew the pressure was so heavy for my soul (Joyner)  
If I could do it over, I'd trade everything I own  
Take back everything I know  
If I could only trade it all

I'd go back in time, in time  
I'll fly to another dimension  
To make this right, this right  
Kill all this mental tension  
That makes me fight, me fight  
It's the only way I know I'ma be alright tonight, tonight (Be alright, I'd be alright)  
If the butterfly effect only let me  
Go back in time, in time  
I'll fly to another dimension  
To make this right (Yeah), this right  
I'd kill all this mental tension  
That makes me fight, me fight  
It's the only way I know I'ma be alright tonight, tonight (Be alright, I'd be alright)  
If the butterfly effect only made this right
