Damn

So what they uh... your dreams is suppose to mean something right? But this shit don't make no sense. I keep having the same dreams over and over again. It's crazy. She said...

"Nigga you just like your father  
I knew I shouldn't have kept you  
Son told me not to have you, little bastard I regret you  
You so disrespectful  
Your daddy wore a condom and it broke  
You shouldn't even be born, you wasn't meant to"  
"Oh bitch I can't believe you  
You never was my mom, bitch you always did me wrong  
We could never get along  
So many times I tried and plenty times I cried  
You were never by my side, shit you never did me right"  
"Motherfucker damn right  
Your daddy never loved me  
Used to beat me and he left me for some hefter in the country  
And you a spitting image of that piece of shit faggot  
If you think I treat you bad, muhfucka just imagine  
I used to write poetry, he took away my passion  
If you don't believe me ask him"  
"But that was way back when"  
"I don't give a fuck I can see his face all in your face  
For what he did to me you gon' pay for his mistakes"

Nightmares and I can't sleep  
Pray the Lord and I hope that He can hear me  
Bad dreams and I wonder what it means  
Lord have mercy on me  
Nightmares and I can't sleep  
Pray the Lord and I hope that He can hear me  
Bad dreams and I wonder what it means  
Lord have mercy on me

"Nigga shut the fuck up  
You got it fucked up, I never should've trusted you  
Or fucked with you, you fucked up  
I knew I should've one'd you  
I knew I shouldn't have fucked you  
Son told me not to trust you I knew you was nothing special"  
"Bitch be happy I ain't leave you  
You lucky I ain't left you, hefter don't be forgetful  
I did everything I can do  
But you so ungrateful and I'm so faithful  
I done took care of your kids like they mine it amaze you  
A nigga could be so good, working two jobs and  
Bitch you got some nerve coming at me sideways  
No wonder when you get a man you can never keep one  
It's just that you don't know a good nigga when you see one"  
"Fuck you  
You don't know what I've been through with my baby dad  
He beat my ass, nigga left me, wouldn't take me back  
Sometimes I see his face all in your face  
For what he put me through you gon' pay for his mistakes"

Nightmares and I can't sleep  
Pray the Lord and I hope that He can hear me  
Bad dreams and I wonder what it means  
Lord have mercy on me  
Nightmares and I can't sleep  
Pray the Lord and I hope that He can hear me  
Bad dreams and I wonder what it means  
Lord have mercy on me
