Been rock bottom

Been rock, rock bottom (I never had)

Been rock bottom

Been rock, rock bottom

Man I never had shit

I never had cake

Used to sell drugs but I never had weight

Livin' life fast like I never had breaks

Speakers on blast like I never had base

I never had friends, keep my enemies close

Roll the windows up if whenever we smoke

My niggas stay high they can never be low

And I lie to my bitch like I never had hoes

Never wish jail or death on a nigga

I never had tears or respect for a teller

I never did a beer till the cops come and get 'em

Even 27 years couldn't stop the man dealin'

But I never cooked crack

Never took slack

Run away from home and I never looked back

Broke ass nigga livin' life on the bottom

I was tryna touch a mil and put my mama in a condo

Up in Beverly Hills, maybe down south

Never been a funny nigga why start now

Dreams of a belly with a top dropped down

Tryna take my shit, then it's po-po-pow

Never been a thug but I'm real acquainted

And you will never feel how real my pain is

And all your new shit sound real outdated

This is real rock bottom for the tears I tasted

Cause I never had shit nigga

Rock bottom

Been rock, rock bottom (I never had shit nigga)

Been rock bottom

Been rock, rock bottom (Nah, never had shit nigga)

Been rock bottom

Been rock, rock bottom (I never had shit nigga)

Been rock bottom
Been rock, rock bottom (Cause I never had shit nigga)
Been rock bottom
Been rock, rock bottom (I never had shit nigga)
Been rock bottom
Been rock, rock bottom (Nah, I never had shit nigga)
Been rock bottom
Been rock, rock bottom (I never had)
Been rock bottom
Been rock, rock bottom

Nah, I ain't never been a rat (rat?)
Nah, I ain't never have no money put the pennies in the bag
Cause I never had a stack (stack?)
Nah, I never been a bitch nigga, never had a pad
You ain't never have a bag (bag?)
You ain't never rode a bus, prolly never took a cab, gettin' ride from your dad
But your momma at work takin' money out her purse tryna pay for some work
Cause you never wasn't nothin' but a spoiled motherfucker
Tryna follow where your friends and magnolia motherfuckers
But you never give respect of a loyal motherfucker
You just want to be down, wanna live fast
Run away from home and don't ever look back
Dreams of a beast livin' life in a city
I'm just tryna touch a mil and put my momma in a mansion
All the way in Miami, maybe in the hill
Never had a job but the nigga got bills
And niggas run they mouth 'till the shit get real
And the thugs come out with the p-p-pill
Never been a thug but I'm real acquainted
You will never feel how real my pain is
And all your new shit sound real outdated
This is real rock bottom for the tears I tasted
Cause I never had shit

Rock bottom
Been rock, rock bottom (I never had shit nigga)
Been rock bottom
Been rock, rock bottom (Nah, never had shit nigga)
Been rock bottom
Been rock, rock bottom (I never had shit nigga)
Been rock bottom
Been rock, rock bottom (Cause I never had shit nigga)
Been rock bottom
Been rock, rock bottom (I never had shit nigga)
Been rock bottom
Been rock, rock bottom (Nah, I never had shit nigga)
Been rock bottom
Been rock, rock bottom (I never had)
Been rock bottom
Been rock, rock bottom
