

# She Know's

Joyner Lucas

K-K-Kato on the track bitch

I got a girl, she dope as hell  
She wear that Gucci, that Louis, Chanel  
Shorty so right can't even deny  
Booty feel fat you can see from the side  
I'm just a guy, I'm just a man  
Lotta things 'bout me she won't understand  
I think I'm so used to being alone  
Now I have urges to cheat on the low  
No, it ain't cool  
No, it ain't life  
No, I ain't saying that shit is alright  
But it was only supposed to be once  
Now I got more than one chick on the side  
Feel like a dick  
Feel like a G  
Wonder how'd I feel like if that was me  
Knowing they fearing, I know that it's wrong  
Ain't no excusing I feel like a dog

Then my phone rings (phone rings)  
Got me on some code names (I'm so ashamed)  
Now my girl looking at me so strange (say I won't change)  
Oh na na  
Late night with my lover, staring at me oh

And I think she knows  
Yeah I think she knows  
And I think she knows  
I think that she know whats up  
I think that she know whats down  
Yea I think she knows

I must admit  
Real mixed emotions that I gotta fix  
When she at work I be losing my mind  
Feeling like she know the truth and I'm blind  
Taking my time, I got a plan  
Plus I'm afraid that she won't understand  
If she found out then I'd be on my own  
Fighting these urges to cheat on the low  
No, it ain't real  
No, it ain't cool  
No, I ain't saying that this is the move  
But it was only supposed to be once  
But that one night just turned into a fuel  
I'm such a dick  
Feel like a G  
Wonder how'd I feel like if that was me  
Knowing they fearing, I know that it's wrong  
Ain't no excuse though I feel like a dog

Then my phone rings (phone rings)  
Got me on some code names (I'm so ashamed)  
Now my girl looking at me so strange (say I won't change)  
Oh na na

Late night with my lover, staring at me oh

And I think she knows  
Yeah I think she knows  
And I think she knows  
I think that she know whats up  
I think that she know whats down  
Yea I think she knows

Phone rings (phone rings)  
Got me on some code names (I'm so ashamed)  
Now my girl looking at me so strange (say I won't change)  
Oh na na  
Late night with my lover, staring at me oh  
I've been so selfish, I've been so blind  
I feel so stupid, I don't know why  
I got a good girl at home  
And I know she love me so much  
And she know I'm up to no good, no good

And I think she knows  
Yeah I think she knows  
And I think she knows  
I think that she know whats up  
I think that she know whats down  
Yea I think she knows
