

# When I Need Love

Joyner Lucas

Uh

Drinkin' all night, I'm faded (Yeah)  
Starin' at pictures, anxious (Yeah)  
Prayin' one day, we go back to before we became  
Some distant strangers (Yeah)  
But now we on different pages (Uh)  
I heard you just switched locations  
Swear that I hope you just don't hate me  
Hit me back when you get this message  
Hit me back when you get this message (Yeah)  
It's been too long  
Prolly moved on, but I really got a million questions (Woah)  
Promise I don't got no ill intentions  
Tell me what I gotta do to feel your presence (Yeah)  
I miss your vibe  
I know we lost time, but I'm hopin' you ain't disconnected  
Maybe you can give me just a second  
Thankful I can really even get this blessin', mm  
And I been tryna find a way to get inside of your thoughts  
I wonder if you ever think about me at all  
I think you like it better when I'm not as involved  
But tryna keep myself together without droppin' the ball  
Funny how the world really gotta evolve  
Unless you want a life with me, I don't want it at all

I'm like, let me explain (Let me explain)  
But I must speak first  
Lot of shit done really cut me, hurt  
Couldn't love you 'til I loved me first  
Had to learn that love means work (Work)  
And my heart will deliver that  
Hopin' even though I lost you, I get it back  
If it's comin' with a cost, could I live with that?  
I'd get with that  
Maybe we can talk  
Maybe you can come through now  
Maybe we can do a little one-two now  
Maybe you can let a nigga love you down  
When I lost you, I lost your friendship too  
So ready, I'ma trust you now  
You all that I got, so if I don't got you  
Tell me who am I supposed to run to now? Huh

Who can I run to (Who can I run to?)  
To share this empty space? (Tell me)  
Who can I run to  
When I need love? (Oh, oh)  
Who can I run to (Who can I run to?)  
To fill this empty space with laughter?  
Who can I run to  
When I need love? (Look)

Where you been at now?  
Tryna figure out where your head at now  
Everything I did, I regret that now  
They say true love you gon' find just once

If you find its touch, don't step back now  
I told them other girls, they can sit back down  
I love the way you look when you in that gown  
I mean that too  
'Cause you the one-of-one and I believe that's you  
I never met nobody that can be that cool  
I know you see me lookin', I can see that view  
And everything I say, you can believe that's true  
I never knew that when I fucked up I would be that fool  
How could I be that cruel?  
Shouldn't be eatin' at me, I wanna eat at you  
And if you put your legs open, I'ma eat that too

I'm like, let me explain (Let me explain)  
But I must speak first  
Lot of shit done really cut me, hurt  
Couldn't love you 'til I loved me first  
Never knew that love means work (Work)  
Had to learn that the hard way  
Tired of runnin' every time we have a hard day  
Had to learn that I was lovin' you the wrong way  
Can you call me?  
Or could you unblock me?  
Or maybe you could come through now  
Maybe we can do a little one-two now  
Maybe you can let a nigga love you down (Yeah)  
When I lost you, I lost your friendship too  
So ready, I'ma trust you now  
You're all that I got, so if I don't got you  
Tell me who am I supposed to run to now? Huh

Who can I run to (Who can I run to?)  
To share this empty space? (Tell me)  
Who can I run to  
When I need love? (Oh, oh)  
Who can I run to (Who can I run to?)  
To fill this empty space with laughter?  
Who can I run to  
When I need love?

Who can—  
Who can I run to? (Who can I run to?)  
Oh  
When I need love?  
Who can—  
Who can I run to?  
When I need love?

Si señora, sino por el  
It's like damn, man, what the fuck is wrong with this camera, man?  
Mm
