

# Brain Damage

Joywave

Words aren't enough  
I'm clamming up  
Swishing my mug  
But let's talk about it  
Where do you start?  
Horse or the cart?  
They all miss the mark  
But let's talk about it now

Well, the world is getting warmer every day  
And the asteroid's already on its way  
When you close your eyes and count backwards from five  
Aren't you glad to be alive?

Lie on the couch  
Let's sort it out  
I don't know how  
Not to think about it  
A large disconnect  
Past from present  
The brain from the chest  
But, let's talk about it now

Well, the reservoir gets lower every day  
Another billionaire is blasting into space  
If you close your eyes and count backwards from five  
Aren't you glad to be alive?

Be alive?  
Aren't you glad to be alive?

I'm on automatic  
Nothing's problematic  
Such a simple magic  
Now, I'm glad to be alive  
Yeah  
Aren't you glad to be alive?

Aren't you glad to be alive?  
Aren't you glad to be alive?
