

Buy American

Joywave

Don't care, buy American
Think less if it hurts more, baby
Live, laugh like I always say
When it breaks you get the whole thing replaced

We could be better now than we've ever been
It's not that difficult, the few adjustments
Let go of selflessness, it only holds you back
Why would you bother with the thing that others lack?

We could be happy for a moment
Happy for a moment here
Duty free, feeling like a kid again
Feeling like a kid again

So don't care, buy American
Think less if it hurts more, baby
Live, laugh like I always say
When it breaks you get the whole thing replaced

We could do better now than we've ever done
We're hitting heights never seen by anyone
Let go off empathy, it's negativity
Why are you worried about someone you've never met?

We could be happy for a moment
Happy for a moment here

So don't care, buy American
Think less if it hurts more, baby
Live, laugh like I always say
When it breaks you get the whole thing replaced
When it breaks you get the whole thing replaced

We could be happy for a moment
Happy for a moment here
Duty free, feeling like a kid again
Feeling like a kid again

So don't care, buy American
Think less if it hurts more, baby
Live, laugh like I always say
When it breaks you get the whole thing replaced

Don't care, buy American
Think less if it hurts more, baby
Live, laugh like I always say
When it breaks you get the whole thing replaced
When it breaks you get the whole thing replaced

When it breaks you get the whole thing replaced
