Don't be nervous
Don't be nervous
Don't be nervous
Don't be nervous

Oh my God, there's nobody who can set me right
I've been sent to torch the palace down in broad daylight

I wanna know who you told to the one laying on the floor
Frozen to the core
I wanna know who you told there's nobody anymore
Nobody anymore

Oh my God, I'm a giant with an appetite
Pushing people to the ground, running round the halls at night

I wanna know who you told to the one laying on the floor
Frozen to the core
I wanna know who you told, there's nobody anymore
Nobody anymore

I've been creepin' round and saw a little thing I didn't like you tried to hide
I've been creepin' round and saw a little thing I didn't like you tried to hide, from me

I wanna know who you took, there's nobody any...
Nobody anymore
Nobody anymore
