

Get Strong

Joywave

Where are my friends?
I miss all of them
I'm just checking in
The futures are up but the market is down again

And who do you miss?
Such a seismic shift
Can you take a hit?
Cause one in a hundred years can end like this

Ooo, never knew how much I loved to run
Gonna hit the gym, get strong
If the Autumn comes
Ooo, gonna buy that Model 3
Gonna write that masterpiece
If the Autumn comes

How is it there?
Are the shelves still bare?
Are you taking care?
It caught me by surprise, but I'm prepared

Who do you blame?
Is it scientists?
Or the capitalists?
Nothing's ever certain in this business

Ooo, never knew how much I loved to run
Gonna hit the gym, get strong
If the Autumn comes
Ooo, gonna buy that Model 3
Gonna write that masterpiece
If the Autumn comes

(If the Autumn comes)
(If the Autumn comes)

It's a one day trip I need
It's the sight of the changing leaves
Get some air that won't kill me
Yeah

Ooo, never knew how much I loved to run
Gonna hit the gym, get strong
If the Autumn comes
Ooo, gonna buy that Model 3
Gonna write that masterpiece
If the Autumn comes

(If the Autumn comes)
