

Have You Ever Lit A Year On Fire?

Joywave

I feel the purpose fade
I try to learn to make a month evaporate
A century to make
A bad forecast washed the whole thing away

It's just a rain delay, I'm sure it's fine
We're holding time
No pleasure and no pain, I ask you

Have you ever lit a year on fire?
You are, you are, you are
You are, you are
You are, you are, you are
You are, you are

I smell the lilacs now
I see the people pouring out of their houses
All the data down
Getting louder but still I sit in silence

It's just a rain delay, I'm sure it's fine
We're holding time
No pleasure and no pain, I ask you

Have you ever lit a year on fire?
You are, you are, you are
You are, you are
You are, you are, you are
You are, you are

Do you think we can get it back?
Back before the end?
Suspended animation
Back before the end?
Do you think we can get it back?
Back before the end?
Suspended animation
Back before the end
Back before the end (You are, you are, you are)
Back before the end (You are, you are)
Back before the end
