

# He's Back!

Joywave

Everyone's watching  
Could it be true?  
I missed the trumpets  
I guess they blew  
Oh, there they go  
(Flashes and everything, flashes and everything)  
Yeah now I'm sure  
(Ready for anything, ready for anything)

Jesus Christ is back again, number-one American  
Full story at 9  
He's tired of the sick and poor, weighing down his stock reports  
This market needs a miracle

I saw him posting  
It was on the news  
He found the caps lock  
He's got some views  
He's driving diesel  
(Ready for anything, ready for anything)  
He's armed to the teeth  
(Ready for anything, ready for anything)

Jesus Christ is back again, number-one American

Oh, he's not like I thought, nothing quite like his dad  
Jesus Christ is back again, two for one on fish and bread  
At the Olive Garden tonight

Magical, history  
Generate, what I need  
Magical, history  
Accommodate, my belief  
Magical, history (We must be bored again)  
Generate, what I need  
Magical, history (We must be bored again)  
Accommodate

Oh, this market needs a miracle  
Yeah. We're gonna need a miracle
