

# Like A Kennedy

Joywave

My head is swelling like a Kennedy  
I won't be afraid, I won't be afraid  
I'm spilling on my Jackie next to me  
She hopes for the best, but I'm losing faith

Are they gonna bomb us all?  
I don't know  
Do you think they'll build the wall?  
I don't know

My TV's talking to itself again  
Do we shoot 'em all dead?  
Or should we let 'em all in?  
Reporter stops me in the street and says  
They'd love to get a quote, it'll only take a sec

Are they gonna bomb us all?  
I don't know  
Do you think they'll build the wall?  
I don't know  
Do you think they'll take it all?  
I don't know  
I just want to be fat and old  
And happy

Are they gonna bomb us all?  
I don't know  
Do you think they'll build the wall?  
I don't know  
Do you think they'll take it all?  
I don't know  
I just want to be fat and old  
And happy
