

No Shoulder

Joywave

Driver can you help me out there's something wrong
Knew where I was going but didn't think it'd take this long
Lately I've been thinking that they probably can't relate to me
'Cause it's possession not possessions that'll finally set me free

Waiting for the one I cannot live without
To replace the one I thought I could not live without
Standing in my line at TSA
Woman hit by SUV on loop replay

If you ask yourself why too many times you're gonna disappear
(If you ask yourself why too many times you're gonna disappear)
If you ask yourself why three times, you disappear

I'm stuck in a landslide
I'm stuck in a landslide
I'm stuck in a landslide
I'm stuck in a landslide
I'm stuck in a landslide
I'm stuck in a landslide
I'm stuck in a landslide
I'm stuck in a landslide
I'm stuck in a landslide
I'm stuck in a landslide

I'm stuck in a landslide
(If you ask yourself why too many times you're gonna disappear)
I'm stuck in a landslide
I'm stuck in a landslide
(Waiting for the one I cannot live without)
I'm stuck in a landslide
(If you ask yourself why too many times you're gonna disappear)
