

# **Obsession**

**Joywave**

A new obsession

There's something  
Lurking in the back of my mind  
And lately  
I feel it sliding into the light

I just need something  
To get me through the night, oh  
A new obsession  
Something to hold in my sights  
(Something to behold in my sights)  
I just need something  
To get me through the night, oh  
A new obsession  
Something to hold in my sights  
(Something to behold in my sights)

Sometimes  
I feel it comin' on at the wheel  
Distraction  
Is the only thing keeping me sealed from breaking

I just need something  
To get me through the night, oh  
A new obsession  
Something to hold in my sights  
(Something to behold in my sights)

I just need something  
To get me through the night, oh  
A new obsession  
Something to hold in my sights  
(Something to behold in my sights)  
I just need something  
To get me through the night, oh  
(To get me through the night, to get me through the night)  
I just need something  
(Obsession, obsession, obsession, obsession)  
Something to hold in my sights
