

A Little While Longer

JP Cooper

You're the only one that keeps me inspired
I just want to be all you desire
Won't you come and take a seat by my fire

And I know
If you're here tonight I'll ask you to stay
Just a little while longer
Just a little while longer, I won't tell no one
Tell no one

If I'm not mistaken, I don't see you anymore
And if my heart ain't breaking
Then why'd it lead me to your door
And all this time we're taking to figure out what's wrong

All I know, is if you're here tonight I'll ask you to stay just
a little while longer
Just a little while longer
I won't tell no one
Tell no one

Now I might not see
See the things I wanna see
But life it goes on

You know I've done some talking
Done some talking with myself
And I can do strong

But darling you know there's still a part of me that's left fee
ling alone

And he still wants you to stay
Just a little while longer
Just a little while longer
I won't tell no one
Tell no one
