

In These Arms

JP Cooper

I watch you putting on your make up
Sometimes I can't believe my luck, hey
Sun setting through the curtains
And, darling, you look perfect tonight

I just want to hold you
Wish I could freeze-frame the moment, hey
Everything is golden
As the lights go down, it's only you

'Cause this is like a movie
The very last scene, baby, just you and me
I'm asking softly is this love out?

In these arms
I can dance
But your heart beats a cold rhythm
Unforgiven
Got no freedom in these arms
In these arms
I feel love
I'm surviving, this ain't living
It's a prison
Got no freedom in these arms
In these arms

I watch you putting on your make-up
Ain't no childish love, this is for grown-ups, hey
Lately you don't really say much
You've got me thinking crazy, no, I'm cool, we're fine

We don't got no problems
Sweep them under the rug until the next time, hey
Everything is golden
And, darling, you look perfect tonight

I can never leave ya
Even when you're acting like a diva, I need ya
But I've been thinking lately is this love out?

In these arms
I can dance
But your heart beats a cold rhythm
Unforgiven
Got no freedom in these arms
In these arms
I feel love
I'm surviving, this ain't living
It's a prison
Got no freedom in these arms (Got no freedom)
In these arms

Oh this prison hasn't got no bars
But freedom never felt so far
I ain't never gonna save my heart, hey
No, this prison hasn't got no bars
But freedom never felt so far

I ain't ever gonna save my heart
I ain't ever gonna save my heart

In these arms
I can dance
But your heart beats a cold rhythm
Unforgiven
Got no freedom in these arms
In these arms
I feel love
I'm surviving, this ain't living
It's a prison
Got no freedom in these arms (These arms)
In these arms (In these arms)
In these arms
