

With You

JP Cooper

Last drink at the bar
And it's all or nothing
Yeah, it's all or nothing
'Cause everywhere closes
And there ain't no afterparty
This place is a ghost town
Where nothing ever goes down
And you're leaving for college

Won't you tell me is it possible
That you could stay awhile
'Cause you're the only thing around here worth keeping
People tell me I should let you go
But I don't wanna know
'Cause if you don't stay then I guess I'm leaving

(Oooh)
God only knows how I'm feeling
Got me believing
(Oooh)
God only knows how I'm feeling
I like me when I'm with you

There's money in the jukebox
They're stacking the chairs up
They tell us to drink up
But I've got a question

Won't you tell me is it possible
That you could stay awhile
'Cause you're the only thing around here worth keeping
People tell me I should let you go
But I don't wanna know
'Cause if you don't stay then I guess I'm leaving

(Oooh)
God only knows how I'm feeling
Got me believing
(Oooh)
God only knows how I'm feeling
I like me when I'm with you

Won't you tell me is it possible
That you could stay awhile
'Cause you're the only thing around here worth keeping

(Oooh)
God only knows how I'm feeling
Got me believing
(Oooh)
God only knows how I'm feeling
I like me when I'm with you
(I like me when)
Got me believing
(I like me when I'm with you)
