

# Fear & Intuition

JP Saxe

Staying in my old roommate's apartment  
And saying I need balance  
But this doesn't feel like balance  
It just feels like less of you  
I wish I could give you every answer  
A perfect explanation  
'Cause I hate to keep you waiting  
Just like I always do

Don't know how to tell the difference  
Between my fear & intuition  
I've got one voice telling me to fuck it up  
And one voice telling me to fix it  
Don't know how to tell the difference  
Between my fear & intuition  
I've got one voice telling me to fuck it up  
And one voice telling me to fix it

L.A. told me to listen to myself  
Toronto said not to change  
New York told me to fuck somebody else  
I didn't know what to say  
I've been tearing myself apart  
To see what remains  
What it means to follow my heart  
Depends on the day

Don't know how to tell the difference  
Between my fear & intuition  
I've got one voice telling me to fuck it up  
And one voice telling me to fix it  
Don't know how to tell the difference  
Between my fear & intuition  
I've got one voice telling me to fuck it up  
And one voice telling me to fix it

All our friends are breaking up  
Or getting engaged  
And I emotionally froze  
Three winters ago  
When shit went up in flames  
And I'm sorry that I'm so all over the place  
And I emotionally froze  
Three winters ago  
When shit went up in flames

Ooh, mm, mm, mm
