

# Like That

JP Saxe

You should know, I'm a ways past the point where a mind can change  
Nothin' I'd rearrange, you're the perfect combination of reckless, stubborn, and affectionate  
And when you tell me we're steady, I know you mean every word of it

No one's ever loved me like that  
3 A.M. in a hospital bed, runnin' high on my meds sayin'  
No one's ever loved me like that  
Tell me "no, you don't have to be strong, you're allowed to be wrong"  
No one's ever loved me like that  
Mama cryin' cause your love is the kind  
She always wished I would find  
No one's ever loved me like that  
No one's ever loved me like that

De subida, de caída  
De comienzo y despedida  
En cada momento ahí estas tù  
Diciéndome que no te vas, que no te vas  
La suma tuya y mis restas  
Son la combinación mas perfecta  
Y si te soy muy honesta  
Me encanta pensar lo que nos queda

Pues nadie nunca me ha amado igual  
De hospital otra vez en la cama de ayer, te miré y dije  
Nadie nunca me ha amado igual  
Dime no alguna vez por favor, que yo lo intentaré  
Porque nadie nunca me ha amado igual  
Ví a mi madre llorar con tu forma de amar y me vino a contar  
Nadie nunca me ha amado igual  
No one's ever loved me like that

Mm-hmm-hmm, mm-hmm, hmm-hmm, mm-hmm, mm-hmm-hmm  
Mm-hmm-hmm, mm-hmm, hmm-hmm, mm-hmm, mm-hmm-hmm

No one's ever loved me like that  
3 A.M. in a hospital bed, runnin' high on my meds sayin'  
No one's ever loved me like that  
Tell me "no, you don't have to be strong, you're allowed to be wrong"  
No one's ever loved me like that  
Mama cryin' cause your love is the kind  
She always wished I would find  
No one's ever loved me like that  
Nadie nunca me ha amado igual

Mm-hmm-hmm, mm-hmm, hmm-hmm, mm-hmm, mm-hmm-hmm  
Mm-hmm-hmm, mm-hmm, hmm-hmm, mm-hmm, mm-hmm-hmm  
No one's ever loved me like that
