

My Peace

J.P.

Lately I've been out my head
Thinking about the bad things that could happen
My patience is thinning out
I gotta calm down
(Oh no)

You're my peace when I'm in trouble
My overflowing love vessel
Overflowing
Calm me down before I blow up
Nobody can do it but you
I choose you

Lately I've been out my head
And my patience is thinning out
You're my peace when I'm in trouble
Calm me down before I blow up

I just can't explain it
You changed me
(Me)
(Close my eyes)
My relief when the pain hits
My shelter when it's raining
(Oh yeah)

Lately I've been out my head
Thinking about the bad things that could happen
My patience is thinning out
I gotta calm down
(Oh no)

You're my peace when I'm in trouble
My overflowing love vessel
Overflowing
Calm me down before I blow up
Nobody can do it but you
I choose you

Lately I've been out my head
And my patience is thinning out
You're my peace when I'm in trouble
Calm me down before I blow up
