Come and smackdown, baby, come and smackdown (Come and smackdown)
Come and smackdown, baby, come and smackdown

Come and smackdown, bitty shakin' ass in the background
Cold with the Ruger, but the shotty blew her back out
Give her dope woo in the van, make her tap out
Strike it from the back, I'm tryna see how that ass sound
I'll Undertaker chokeslam a bitch to the floor
This bitch beatin' down my jack like this bitch is my ho
If you shakin' ass and your coochie stink, you gotta go
I'm a big old player nigga and I always keep a roll
Like, "Ah, J.P. on fire, put him out"
I don't argue with you niggas, bro gon' try to put him down
It's a switchy on this glizzy, try to run, you goin' down
Shit get wicked in this city, niggas try to get you gone
Hey, young nigga, stay down, get your bread up
Don't focus on these hoes, they gon' try to mess your head up
Nigga, move around if you ain't tryna get your bands up
Bangin' on this lil' bitch, had to go and put my legs up
Woo

Ayy, lil' bitch, where you at?
Bitch, I'm comin' down, I'm around with the pounds on me
I got tan, I got brown, it's around though
Switchy sounding like surround sound
Lil' bitch, I ain't fucked in a minute, but I'm throwed and the last
time I tried to take her home, she was stuntin' on me
Started makin' music, got my bands up
Now she got her hands up
So I stuff big dude in her stomach

Ooh, ayy, AyooLii, Milwaukee city, this a smack town (Uh, hey, this a
smack town)
I'll put a bitch up, put her back down (Hey)
All my niggas in they city, watch they smack now
Smackdown, lil' baby, come and smackdown (Hey, come and smack)
Smackdown, lil' baby, come and smackdown (Hey, huh, baow)
