

DJ Snitch Bitch Interlude

Jpegmafia

Hulk hogan known to keep the thang smokin'
Steady fuckin' with a blonde I think I'm Frank Ocea-
(DJ Snitch Bitch)

Be still...

I can't deal with all these sudden motions

Mac high as Sierra

Your updates is frozen

Crouching in the bushes

Like I'm jailposing

That 38 special team

I don't need coaching

You are not a man bitch

You're a fucking token

Giuliani suck a dick

That's the fucking slogan

Black market shawty

Keep the thang on me

Blood on my money

But ain't a stain on me

Ridge racer

No games for me

New money new habits

Make you disappear with no trace that's tragic

Riding down Calvert in a caddy with the ratchet

Pussy call the cops so much

The cops should give him badges

Hold up let me hear that back?

Alright!
