Keep bumpin' who-the-fuck-is-that?

Fake-plug-talkin' Tubi rappers

Got a machine behind 'em, and still they can't fill up capacity with they raps

Baby mama be a rap snack

Grew up white, now they act black

She had issues with her father

I had issues with my barber

She off all of these drugs

Coke in her butt, R.I.P Aaron Carter

Let me see you touch the ground, ground, ground, ground, ground

Let me see you touch the ground, b-b-b-b-b-b-b-b-big booty hoes

I do what I do with a vengeance, Pegasus been had style

Show out with class, give me detention

Y'all do a lot for the mention

I spaz in other dimensions

'Bout to take it to another level, my attraction came with a pension

Now some niggas gotta respect or they're gettin' retired

I step in the room, every nigga inspired

Or niggas just hate 'cause they shorty admire

Now tell me what's flame to the fire

Big booty hoes, up with it

She had issues with her father

I had issues with my barber

She off all of these drugs

Coke in her butt, R.I.P Aaron Carter

Let me see you touch the ground, ground, ground, ground, ground

Let me see you touch the ground

Do we have a problem? Huh?

Thank God I didn't cheat with that bitch yet

Get it in, get it out, get it off my chest

I'm G.I. Joe fallin' down them steps

I'm a Head Honcho, I need a pistol

Make a mistake, I pay it in crypto

You got the swag of a nigga from Chaturbate

You wanna aggravate

Stick talk, let the chopper elaborate
