Motherfucker

If I hear one more nigga saying #alllivesmatter (all lives matter)  
Gat to your back, bitch  
All lives splatter  
No love lost in the land of the free

When your race be on the I.D  
#Trussmidaddi  
When your race be on the I.D  
#Trussmidaddi  
"What is so controversial?"  
When your race be on the I.D  
#Trussmidaddi  
"Plantation politics"  
When your race be on the I.D  
Now, #Trussmidaddi

(Trust me! Trust me, uh while you-)

Uh, while you niggas bumpin'  
Lightskin dance hall tracks  
I was clicking and picking all my guns off of Amazon  
Trust me  
I shoot real good  
Never fake it  
I had to hit the marksmen  
To make out of basic  
All my bitch niggas know what I'm talking about  
I had to take it back to '05 and walk it out  
Why every woke song you niggas make  
You be shitting on yourselves?  
Pathetic, somebody gotta be Ice Cube and dead it  
Now if I said it I meant it  
You run this verse back enough times u get infected  
I got the antiseptic  
I dropped BBC three months ago  
And haven't heard shit that I'm impressed with  
So fuck it, imma press this  
That good shit you got  
The one you keep in a secret folder  
And stay trying to flex with  
Ain't fucking with my next shit  
Shout out to my nigga Micah Johnson down in Texas  
He fucked them cops good I can't wait for the next hit  
Hit after hit after hit after hit  
Since you crackers loves stats and percentages  
I got a fresh one for you and it goes like this:  
Every last cop that died in Dallas can suck a dick  
In the afterlife  
And if a war comes I'm shooting husbands after wives  
They don't want me in the suburbs  
Giving your girl that good wood, cracker  
She said I'm suberp, superb like no other  
I grip that ass tight when I'm doggystyling your mother  
She keep throwing it back imma give u some tanned brothers  
I'll be damned if I hold hands with a cop like he my cousin

You rock a blue uniform then? Peggy don't see color  
But I ain't trying to get smothered  
I just wanna bust a nut in her  
Plan B Peggy such a sinner  
I want that John Oliver, Bill Maher, real sex, HBO Go money, nigga

DON'T SHOOT!

"That's what he wants."

"And if he wins here, so be there. That's what happened"

" [?] "

"Bumping in early. Woah, two [?] "

"One of the-"

"Now, back. Ain't no [?], boy"

"How you doin'?"

"Right now we got SP"

"GUN"
