

# Hold U Down

JR Castro

Try to understand me  
Don't wanna waste your time  
To you it may seem cliché  
But soon I'll change your mind

'Cause I know you've been waiting, for someone  
Baby I'm not playing, I'm the one, yeah  
And I'll always hold you down

I'll hold you down, oh yeah  
I'll hold you down, oh yeah yeah  
I'll hold you down  
(Down, down, down, down, down, I'll hold you)  
(Down, down, down, down, down hold you)  
I'll hold you down  
(Down, down, down, down, down, I'll hold you)  
(Down, down, down, down, down hold you)

Why should we wait when your body has been calling for me  
(Calling for me, you've been calling for me)  
Ooh, we should go have all the [?]  
All that I'm saying  
'Cause you remind me of  
Something that I only see in my dreams  
You make it hard for me to ever wanna leave  
So original, and it's visual  
How I feel for you

'Cause I know you've been waiting, for someone  
Baby I'm not playing, I'm the one, yeah  
So whenever you need it

I'll hold you down, oh yeah  
I'll hold you down, oh yeah yeah  
I'll hold you down  
(Down, down, down, down, down, I'll hold you)  
(Down, down, down, down, down hold you)  
I'll hold you down  
(Down, down, down, down, down, I'll hold you)  
(Down, down, down, down, down hold you)
