

Billionaire

JR JR

I wanna know what you're looking for
Why are your answers lying somewhere else?
Just play the game, I'll be keeping score
We write the rules and make it in my favor

I own the politicians, I give them permission
Who d'you think made all the decisions?
I wanna know what you're looking for
So I can get to it first

Okay, maybe it's true
The world was made for you
Answer my prayer, the billionaire
Who gets it all after you're through

You're taking all my money, money, money, yeah
You're not gonna stop it, won't drop it, yeah
Making all that money, money, money, yeah
Trickle to the top, economics, yeah

You take my money, my money
No matter what I do
You take my money, my money
I owe it all to you

You wanna know what I'm looking for
I want some answers but you always hold your tongue
You're leaving crumbs, I want something more
Doubling down but you already won, yeah
When I really meant I am so bored of [?]
You've got the luck of her hand, you got the power to play
I wanna know who you're working for
So I can get to it first

Okay, maybe it's true
The world was made for you
Answer my prayer, the billionaire
Who gets it all after you're through

You're taking all my money, money, money, yeah
You're not gonna stop it, won't drop it, yeah
Making all that money, money, money, yeah
Trickle to the top, economics, yeah

You take my money, my money
No matter what I do
You take my money, my money
I owe it all to you

You can ask how much is ever enough
It's never enough for me
You can ask how much is ever enough
It's never enough for me

[?] off shore
Three homes, fives cars

Okay, maybe it's true
The world was made for you
Answer my prayer, the billionaire
Who gets it all after you're through

You're taking all my money, money, money, yeah
You're not gonna stop it, won't drop it, yeah
Making all that money, money, money, yeah
Trickle to the top, economics, yeah

You take my money, my money
No matter what I do
You take my money, my money
I owe it all to you
